MOU PARTNERS OF JINDAL STAINLESS LTD.

SHREE VENKTESH WIRES & STEEL PVT. LTD

Company Profile

Shree Venktesh Wires and Steels Pvt Limited was founded by Late Shree Babulalji Bhagat. We have been one of the leading stockist and distributors of Jindal Stainless Ltd from the last 3 decades. We are an MOU partners for Jindal Stainless Limited for 20000 ton a year.

We deal exclusively in JSL products for the last 3 decades. Jindal Stainless Limited is one of the largest manufacturers of Stainless Steel Flat products in the World and is recognised worldwide for its quality. JSL needs no introduction.

We are known for our transparent and honest business. We have been a very consistent company clocking close to 18000 ton (nearly 450 crores) of sales in the last 3 year. We anticipate a growth rate of 5 % TO 10 % per year in the following 3 to 5 years and working towards it.

Founder

Shree Babulalji Bhagat was born in a small town of Taranagar, Rajasthan in 1942. After completing his graduation in Kolkata he worked for various Birla Group companies. In early 1970s he started a small stainless steel trading business. In early 1980s he moved to Mumbai to set up a stainless steel trading firm. From a very a humble beginning he scaled the company to great heights.

He was a philanthropist. He set up a college in his native place called Maa Jalpadevi Government College. He also contributed in a girl's school and a hospital called Shree Ram Nursing home. He strongly believed in the girls right to education and made sure a large number of girls study in the college. He was a strong believer in Beti Padhao Beti Bachao slogan that was launched by our PM in later years.

In his memory a huge auditorium was built in the college premises. He was given a Bhimashah award by the Government of Rajasthan.

Management Team

Binod Bhagat

A graduate from Mumbai University in Commerce and an MBA (International Business) from Griffith University, Binod Bhagat joined the family business in 1990s. He is looking after the overall business of the company. He looks after material procurements from Jindal Stainless Limited and matters pertaining to MOU. He also looks after sales and marketing strategy of the company.

Anita Bhagat

Anita Bhagat, a graduate from Mumbai University and a diploma holder in computer science from NIIT joined the business in late 1990s. She is looking after the administration and Finances of business. She takes care of all payments, working capital and overall administration of office.

SHREE VENKTESH WIRES & STEEL PVT. LTD

Mission Statement

Our Mission is to be a one point contact for all MSMEs for their requirement of Stainless Steel Flat Products manufactured by Jindal Stainless Limited. We intend to provide the OEMs with good quality material at affordable rates as per their requirements and within stipulated time as we understand the essence of timely delivery.

Product Range

HOT ROLLED COILS

Hot rolled stainless steel coils are annealed and pickled in continuous annealing-pickling lines having scale breaker, shot blasting unit, sulphuric acid, and mixed acid bath. HRAP coils have a cleaner surface and have improved mechanical properties for downstream processing.

PRODUCT	WIDTH RANGE		THICKNESS	
	Minimum	Maximum	Minimum	Maximum
HRAP COILS	1000	1600	2	10

COLD ROLLED COILS

The CR Annealing & Pickling line is on environment friendly LPG fuel with better temperature control, associated with Electrolytic and Acid Pickling with very high control on pickling process. The online Skin Pass and Tension Leveling has made this line capable of producing finished 2B/No.4PVC/BA stainless steel products at par with international quality.

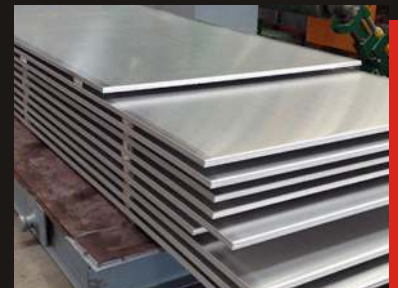

PRODUCT	WIDTH RANGE		THICKNESS	
	Minimum	Maximum	Minimum	Maximum
CRAP COILS	1000	1600	0.5	5

PLATES

No.1 finish plates in stainless steel are produced after annealing and pickling, or by cutting hot rolled annealed pickled coils to desired lengths.

PRODUCT	WIDTH RANGE		THICKNESS	
	Minimum	Maximum	Minimum	Maximum
PLATES	1000	1600	2.5	80

SHEETS

2B/No.4PVC/BA finish sheets in stainless steel are produced after annealing and pickling, or by cutting cold rolled annealed pickled coils to desired lengths.

PRODUCT	WIDTH RANGE		THICKNESS	
	Minimum	Maximum	Minimum	Maximum
SHEETS	1000	1600	0.5	5

GRADE RANGE

200 SERIES		
JT	J4	JSLAUS

300 SERIES			
304 310S	304L 309S	316L 347	317L 321
UNS S32205		UNS S31803	

400 SERIES			
410 430	410S 441	415 409M	420 439

Application of Stainless Steel

- Architecture
- Consumer Durables
- Pharmaceutical
- Engineering
- Cement
- Distillery
- Boiler
- Food Processing
- Process Industry
- Automotive & Transport
- Utensils
- Sugar
- Fertilizer
- Oil & Gas
- Railway
- Petrochemical & Refineries
- Plumbing
- Modular Kitchen
- Chemical
- Heat Exchanger
